

Plastic Recycling Corporation of California

We use the following criteria to determine the allocation of material:

- **Price per pound**—We do not give out bid prices to the public. If your original bid does not receive an allocation of material, and the price you are able to pay changes, you may submit a new bid, by calling, faxing, or e-mailing at any time.
- **Payment Terms**—For first time buyers, our preferred payment terms are 100% prepayment on 2-3 containers.
- **Track record**, including:
 - Booking Procedures: We should be given 5-10 working days to fill orders. We will contact you when we are ready to receive shipping instructions.
 - We will aim to provide a complete packing list and loading photos a day after the booking cuts off.
 - Response Time: You should be accessible to answer questions.

Please contact us at:
